As ISE is Exclusive Global Commercial partner of Indo-OIC Islamic Chamber of Commerce and Industry-IICCI, and IICCI has already over 50 countries network and offices, the ISE (**1-Buktel Technologies**, (IT Products) <http://it.buktel.com> and **2-Buktel Healthcare Services** (BPO) <http://healthcare.buktel.com>) will appoint strategic partners to National Directors, and it's official of IICCI in over 50 countries, who can generate IT (Software) business for **Buktel Technologies**, which will reflects & increase Indian software industry. The ISE has also decided to appoints strategic partners in other countries also in ; **America, Europe, Asia, Africa and Pacific countries** to help global IT Industry and IT Professional and enable business and trades, and industry by Information Technology to take your business to the next level.

Dr. Mohammed Seraj ANSARI, the International President of Indo-OIC Islamic Chamber of Commerce and Industry-IICCI has said in the launch function that **India's IT exports could grow 7- 9% in 2018-19, says Nasscom** : The Nasscom report, the industry body of the Indian IT and business process management (BPM) sector, on Tuesday said the country's IT exports could grow between 7 and 9 per cent in 2018-19.US\$ 167 billion to US\$ 350 by 2025 by NASSCOM.

The US\$ 4.8 Trillion Global Information Technology (IT) Industry : and the global information technology industry surpassed \$4.5 trillion in 2017, according to the research consultancy IDC. If growth expectations materialize in the year ahead, spending will eclipse the \$4.8 trillion mark.

Trends in Indian Healthcare BPO Industry : The health care business process outsourcing market is currently expanding at a compound annual growth rate of about 21.4% across the globe. In this, pharmaceutical outsourcing occupies the maximum share of nearly 64.3%. However, the sector is forecasted to expand only at a CAGR of approximately 14.6% between the years 2011 and 2016, as the market is highly saturated. Health care service providers are expected to project the highest CAGR of nearly 31.9% between 2011 and 2016. This is attributed to adaptation from ICD 9 coding arrangement to ICD 10 coding practice. The outsourcing market for health care payer is also expected to grow by 30% in the predicted period.

With Regards
